INTEGRA SERIES

integraseries.com +

DÖRR INDUSTRIES, manufacturer of fine, custom cabinet doors, has developed a reputation for introducing new products on the market. DÖRR's unique engineering has taken HDF to a new level, combining products to enhance the choice of finishes interior designers appreciate most.

DÖRR INDUSTRIES, is celebrating its fifth year of business. In response to pressing demand from its clientele, **DÖRR** has ventured into the modern flush interior door market. **DÖRR** has introduced a unique extruded aluminum concealed door frame, the strongest on the market, made to accommodate German Tectus hinges and Italian hardware.
